Law Students

Fifteen attorneys were named as *Best Lawyers in America*® 2021. Seven of our partners were recognized by *Georgia Super Lawyers* in 2020, and five partners were recognized by *Chambers USA* in 2020. This is just a snapshot of the recognition that our attorneys receive, and demonstrates the level and quality of attorneys who practice at Rogers & Hardin. We hire and retain an exceptional group of attorneys and we seek out law school students who are just as exceptional to become members of our Summer Associate Program and potentially future members of the firm. If you are a law school student who is looking for a mid-size firm with sophisticated clients and who wants to become an immediate and critical part of a client team, then Rogers & Hardin may be the place for you. Let us help you chart the path to a successful legal career.
