PRIVATE EQUITY

Experience and Practical, Efficient Service

- Working closely with our tax, intellectual property and litigation practice groups, we provide our private equity clients with practical advice that helps them make informed decisions about structuring and effecting their private equity transactions.
- Our lean staffing approach using experienced lawyers at competitively attractive rates permits us to efficiently counsel private equity clients in connection with all of their transactional needs, on matters ranging from the routine to the complex.

WIDE-RANGING EXPERIENCE

Led by corporate partners who are recognized in their field by *Chambers USA*, *The Best Lawyers in America*, *Georgia SuperLawyers* and other leading professional authorities, we regularly counsel our private equity clients on all aspects of private equity transactions. These representations have included a wide range of private equity matters, including fund formation, off-shore fund structuring, venture and capital investments, mergers and acquisitions, going private transactions, leveraged buyouts, recapitalizations and management incentives. Our private equity clients include private equity funds, hedge funds and other investment funds, management teams, and buyers, sellers and lenders in private equity transactions.

We count among our private equity clients one of the nation's largest timberland investment funds, with assets in excess of \$1.6 billion, and a premier Atlanta-based private equity fund.

OUR UNIQUE AND EFFICIENT STAFFING MODEL

In counseling our private equity clients, we take pride in our ability to provide the sophisticated legal counsel of a large law firm through the use of partner-led, small teams of lawyers who are focused on efficiently achieving client goals at a reasonable cost and with a commitment to responsiveness and service.
